

Karcher Stonecarving Studio Gallery • Garden

Cucked away in the beautiful Smoky Mountains of Western North Carolina, a century year-old barn serves as the perfect setting for Stonecarver Collene Karcher's

Studio and Gallery. Here, alongside a stream & beside a rose & perennial garden, Karcher carves in a variety of stone including marble, alabaster & limestone. She also works in wood and casts in bronze. Having

studied at the Rhode Island School of Design & in Italy, her recent background includes restoration work on the Michigan & Ohio state

capital buildings. Her work is available exclusively at her mountain studio.
